WHO WE ARE

SPRINKLES

FOR AIR CONDITIONING
REFRIGERATION &
MAINTENANCE

A Saudi company specializing in providing integrated engineering solutions for the general contracting sector in the field of air conditioning and refrigeration, both at the government and private levels, ensuring our valued customers receive the highest international quality standards.

With balanced steps towards the future, we at SPRINKLES offer you the best engineering solutions based on a scientific methodology, applying high-quality recommendations, meticulous technical performance, and professional administrative procedures, while relying on the best personnel, so that SPRINKLES can make a positive difference.

OUR
GOAL

QUALITY FIRST

Our customers' comfort is the foundation of our work.

With a trained team, we provide you with all services with complete integrity, contributing to the Kingdom's Vision 2030 for a bright future for all.
